

StreakHR: Revolutionizing HR Management for Enhanced Organizational Performance

StreakHR is a cutting-edge SaaS solution designed to empower organizations by optimizing human resource management processes, driving efficiency, and enhancing the value derived from human capital. With a comprehensive suite of features, StreakHR enables organizations to streamline HR operations, automate processes, and foster a culture of continuous performance improvement. Here's how StreakHR can transform your HR management:

How StreakHR Works

Employee Management

StreakHR simplifies the entire employee lifecycle, from onboarding to exit. Automate onboarding processes to ensure new hires are integrated smoothly and exit processes to maintain compliance and efficiency. This automation reduces manual workload, ensuring consistency and improving employee experience.

Organization Chart and Employee Directory

StreakHR simplifies the entire employee lifecycle, from onboarding to exit. Automate onboarding processes to ensure new hires are integrated smoothly and exit processes to maintain compliance and efficiency. This automation reduces manual workload, ensuring consistency and improving employee experience.

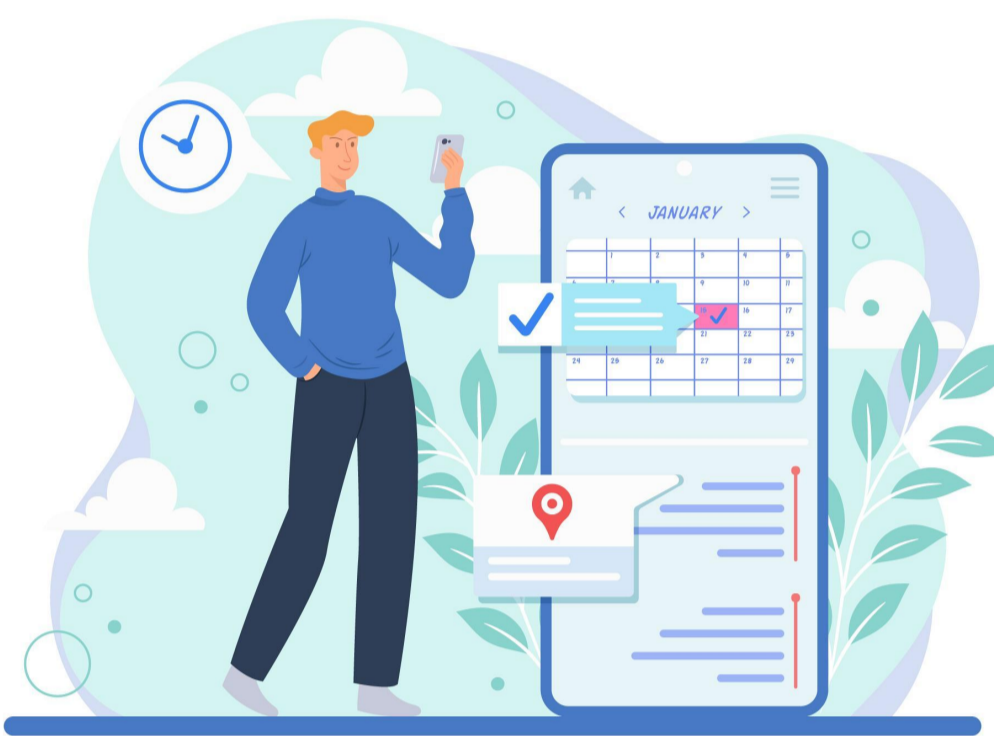

Attendance Management

StreakHR offers robust attendance management features that include shift planning, holiday management, and customizable time-in and time-out rules. Track employee hours accurately and manage overtime seamlessly, ensuring compliance with labor regulations.

Leave Management

Handle multiple leave policies with ease using StreakHR's flexible leave management system. Automate leave approval workflows, track leave balances in real-time, and generate detailed reports, all while ensuring adherence to organizational policies.

Expense Management

Streamline your expense management with StreakHR. Automate expense submission, approval, and reimbursement processes, ensuring transparency and efficiency. Track and analyze expenses to gain insights and optimize budget allocation.

Payroll Management

Allow different salary structures according to employee, grade and organisation hierarchy. Download payslips and salary statements. Automate tax forms creation like 12BB, 24Q, TDS, and Form 16. Ensure compliance with PF, ESI, LWF, PT, and IT. Ready to file statutory and tax reports generation for faster filing, ensuring easy access, security, and compliance with data protection regulations.

Employee Performance Management

StreakHR supports both qualitative and quantitative KPIs, focusing on continuous performance monitoring. Whether project-based or task-based, StreakHR enables real-time tracking and feedback, promoting a culture of accountability and continuous improvement.

HR Processes Automation

Automate critical HR processes like payroll, loans, and mediclaim management. StreakHR ensures timely and accurate payroll processing, efficient loan management, and seamless mediclaim handling, reducing administrative burdens and minimizing errors.

Task and Workload Planning

StreakHR offers robust attendance management features that include shift planning, holiday management, and customizable time-in and time-out rules. Track employee hours accurately and manage overtime seamlessly, ensuring compliance with labor regulations.

Timesheet Management

Accurately track employee work hours with StreakHR's timesheet management feature. Facilitate easy logging of work hours, project time allocation, and overtime tracking, ensuring accurate billing and payroll processing.

Extensive Dashboards and Analytics

Gain a comprehensive view of your HR metrics with StreakHR's extensive dashboards and analytics. Monitor key HR indicators in real-time, generate custom reports, and make data-driven decisions to enhance organizational performance.

AI & ML-Driven Insights and Recommendations

Leverage the power of AI and ML with StreakHR. Gain actionable insights and personalized recommendations to optimize HR processes, improve employee engagement, and drive strategic decision-making.
